## **Letter of Thanks**

August 2009

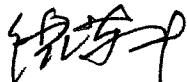

Dear Mr. Alastair Gordon,

Thank you for your trust and support of the disease control of Liupanshui City, Guizhou Province, and for your generous donation of RMB 154,800 to 92 families in Zhujia Village, Huashi Township, Pan County, Liupanshui City, Guizhou Province, China, which was used to build sanitary toilets. Your generous patronage has improved the sanitary conditions and living quality of the beneficiaries and made them happy. Your noble kindness has moved us deeply and will stay long in our memory.

It is a pity that we cannot thank you face to face. Here we send a letter and a pack of our local tea to express our thanks to you! Please accept the gratitude from Association of Preventive Medicine of Liupanshui City and Disease Control and Preventive Center of Liupanshui City. Please also pass our gratitude to Mark and Cristina Lancaster. Thank you again for your great support and help.

Sincerely Yours,

Rongzhong Ni

President of the Association of Preventive Medicine of Liupanshui City
