[3] A la carte options outlined separately

Getting started

To learn more about the Support options, please contact customer_programs@sdl.com

A La Carte Options

Additional Support Named Users

Add additional Support Contacts who can access SDL Customer Gateway and work with SDL Support resources.

Weekend Project Assistance

Receive weekend access to a Support Engineer to assist with technical issues during project work (available on a per day basis, 9:00am – 6:00pm in the customer's time zone).^[4]

Service Reviews

Engage with an SDL Support Engineer to review key aspects of the support service including SLA achievements, time to resolve tickets, outstanding support tickets and recent product developments. Available monthly or quarterly.

Designated Support Engineer

Team up with a named individual who has in-depth understanding of the solution and will be responsible for managing all support cases to ensure timely response and resolution.

[4] Remote assistance only
